DIRECTIVE TO LIEUTENANT GENERAL TWINING

You will proceed to the White Sands Proving Ground Command Center without delay for the purpose of making an appraisal of the reported unidentified objects being kept there. Part of your mission there will deal with the military, political and psychological situations -current and projected. In the course of your survey you will maintain liaison with the military officials in the area.

In making your appraisal it is desired that you proceed with detachment from any opinions or feelings expressed by personnel involved which do not conform to sound reasoning with regard to the possible outcomes. In presenting the findings of your mission you should endeavor to state as concisely as possible your estimate of the character, extent, and probable consequences in the event that assistance is not given.

When your mission in New Mexico is completed you will proceed on a brief trip to the Sando's AEC facility to make an appraisal of the situation there, also of the reaction by the Los Alamos people involved. Before going to White Sands you will communicate with General Eisenhower to ascertain whether he desires you to proceed via Kirtland AAF.

You will take with you such experts, technicians, scientists and assistants as you deem necessary to the effectiveness of your mission.

MAJIC EYES ONLY is the most authoritative and comprehensive chronicle ever published on the subject of worldwide UFO crashes and subsequent military retrievals from 1897 to the present. The author guides the reader through 74 UFO crash incidents supported by compelling evidence in the form of official documents, eyewitnesses and in some cases physical evidence.

Since 1984, multiple sources have leaked, revealed or discovered some 3,500 pages of UFO documents, hundreds classified Top Secret and linked to Majestic-12. These MJ-12 documents, coupled with the Leonard Stringfield data and strong investigations by other case experts, provide a powerful core of UFO crash incidents.

The idea that major governments have covered up the true nature of the UFO phenomenon for more than half a century through unprecedented secrecy, deception and intimidation strikes many reasonable citizens as preposterous. Yet, this book provides a wealth of evidence, including declassified and leaked government documents and credible eyewitness testimony, that supports the uncomfortable truth of this “preposterous” notion.
