REPORT OF UNIDENTIFIED FLYING OBJECT

1. Details of Person reporting incident:

- a. Name: Mr Section 40
- b. Address: Section 40
Sutton-in-Ashfield
- c. Nearest Town: Mansfield
- d. Telephone Number: Mansfield Section 40

2. Details of Incident:

- a. Date 17 Oct 86
- b. Time: Approx 2230
- c. Were a/c Involved: Yes one jet, type unknown
- d. Height N/K

3. Full details of incident: Mr Section 40 saw what appeared to be a jet aircraft and following in its wake was a bright mushroom shaped object. The jet flew on but the object hovered over Pixton Village about 8 miles from Mansfield. The object was glowing and eventually flashed away into the distance at great speed.

MOD FORM 195

REPORT ON UNIDENTIFIED FLYING OBJECT

229

Date, Time and Duration of Sighting 12TH NOVEMBER, 1986 0105Z
 (1) 5 SECONDS (2) 7 SECONDS

Description of Object (1) Group of 3 small 'triangular' lights. Dull orange in colour
 (2) Group of 5 small dull orange lights, triangular shaped.

Exact Position of Observer outside kitchen door of home in SPRINGBURN, Glasgow.

How Observed naked eye.

Direction in Which Object was First Seen (1) to North, near "The Plough"
 (2) Overhead.

Angular Elevation of Object (1) approx 65°
 (2) approx 90°

Distance Of Object from Observer unknown ("very high")

Movements of Object all headed north and rapidly changed formation moving ~~or~~ very quickly.

Meteorological Conditions During Observations Clear, starlit, small amount of distant cloud.

Nearby Objects Trees, 40 feet high, 150 feet distant.

To Whom Reported ATC Supervisor, (Section 40), CAANATS, Glasgow Airport.

Name and Address of Informant Mrs Section 40, SPRINGBURN, GLASGOW.
 Tel: Section 40

Any background Information that may be Volunteered Had drunk only cocoa. Both "stunned" by what they had seen. Had to tell someone. Police referred them to ATC. No sound. Not like aircraft.

Other witnesses Husband: Section 40 said "not Aurora Borealis, meteors, military aircraft or like civil aircraft they have seen."

Date and Title of Receipt of Report 12th Nov. 1986.
 Section 40 ATC Supervisor.

To: The Ministry of Defence (AFOR)
 Royal Air Force
 Main Building
 Whitehall
 LONDON SW 1

Phone: MINISTRY OF DEFENCE
 AIS Military
 LATCC 7 NOV 1986
 AIR FORCE OPERATIONS
 PTO

The observers seemed genuine to me. They seem to have seen something which they consider very unusual.

Scottish military had no record of any military aircraft activity.

Section 40

ATC Supervisor.

REPORT OF AN UNIDENTIFIED FLYING OBJECT

A.	Date, Time & Duration of Sighting	12 Oct 86. 1330 hrs. 5 minutes.
B.	Description of Object (No of objects, size, shape, colour, brightness)	1 object. Bright yellow ball of light.
C.	Exact Position of Observer Location, indoor/outdoor, stationary/moving	Outdoors in stationary vehicle.
D.	How Observed (naked eye, binoculars, other optical device, still or movie)	Naked eye.
E.	Direction in which object first seen (A landmark may be more useful than a badly estimated bearing)	West of Milton Keynes.
F.	Angle of Sight (Estimated heights are unreliable)	On horizon.
G.	Distance (By reference to a known landmark)	Not known.
H.	Movements (Changes in E, F & G may be of more use than estimates of course and speed)	Stationary but object disappeared and reappeared
J.	Met Conditions during Observations (Moving clouds, haze, mist etc)	Dull but clear.
K.	Nearby Objects (Telephone lines, high voltage lines, reservoir, lake or dam, swamp or marsh, river, high buildings, tall chimneys, steeples, spires, TV or radio masts, airfields, generating plant, factories, pits or other sites with floodlights or night lighting)	Open country but object seen through trees.

L. To whom reported (Police, military, press etc) Thames Valley Police Central Room (Miss Section 40 Tel Section 40)

M. Name & Address of Informant Miss Section 40 Road, Milton Keynes, Bucks.

N. Background of Informant that may be volunteered Not given.

O. Other Witnesses Mother (same address)

P. Date, Time of Receipt 121630 Oct 86

ANNEX A TO
SOP 502

REPORT OF AN UNIDENTIFIED FLYING OBJECT

-
- A. Date, Time & Duration of Sighting 102300Z Jul 86
-
- B. Description of Object (No of objects, size, shape, colour, brightness) Orange Sphere
-
- C. Exact Position of Observer Location, indoor/outdoor, stationary/moving Stockwell, S London out of doors
-
- D. How Observed (naked eye, binoculars, other optical device, still or movie) Naked eye
-
- E. Direction in which object first seen (A landmark may be more useful than a badly estimated bearing) NE of Stockwell
-
- F. Angle of Sight (Estimated heights are unreliable) Not given; Height given as 200' above
-
- G. Distance (By reference to a known landmark) Not given
-
- H. Movements (Changes in E, F & G may be of more use than estimates of course and speed) Moved rapidly from NE of Stockwell to SW
-
- J. Met Conditions during Observations (Moving clouds, haze, mist etc) Sky clear, good visibility
-
- K. Nearby Objects (Telephone lines, high voltage lines, reservoir, lake or dam, swamp or marsh, river, high buildings, tall chimneys, steeples, spires, TV or radio masts, airfields, generating plant, factories, pits or other sites with floodlights or night lighting) Non except housing
-

L.	To whom reported (Police, military, press etc)	RAF Duty Officer
M.	Name & Address of Informant	Mr Section 40 Section 40 London Section 40
N.	Background of Informant that may be volunteered	Not given
O.	Other Witnesses	Friend
P.	Date, Time of Receipt	102350Z Jul 86
G.	Any Unusual Meteorological Conditions	No
R.	Remarks -----	The information was taken quickly as the informant was phoning by card and he had no contact number. It is likely that all of the information above was given to Mr Morren by a friend who was very shaken. Mr Morren would like to know of any outcome.

SUBJ: UNIDENTIFIED FLYING OBJECT REPORT

- 1. FOLLOWING DETAILS FORWARDED FOR ACTION AS APPROPRIATE
- A. SIGHTING DATE/TIME/DURATION: 050001A JUL 96 APPROX 3 PLUS HOURS
- B. OBJECT DESCRIPTION: BRIGHT ORANGE LIGHT, APPROX STAR/PLANET-SIZE
- C. POSN OF OBSERVED: SEVERAL: SOME IN MOVING CAR, OTHERS STANDING OUTDOORS. OBJECT SEEN FROM N. YORKS VILLAGES MARTON/MOULBY NEWHAM/HEMLINGTON (SOUTH OF A174 ROAD)
- D. OBSERVED BY: NAKED EYE AND VIDEO CAMERA
- E. DIRECTION SEEN: FROM VILLAGES AT C. ABOVE, LOOKING SOUTH TO BILSDALE TRANSMITTER MAST FROM WHICH APPEARS SSW OVER N. YORKS MOORS
- F. SIGHT ANGLE: APPROX ELEVATION 20 DEGREES

PAGE 2 R800YI 913 UNCLAS

G. DISTANCE: NOT ASSESSABLE EXCEPT AS AT E. ABOVE

H. MOVEMENTS:

(1) STATIONARY OBSERVERS SAY OBJECT IS STATIONARY

(2) MOVING OBSERVERS (IN CAR) SAY QUOTE OBJECT APPEARS TO MOVE BACKWARDS AND FORWARDS UNQUOTE

J. MET CONDITIONS: CAUCK. NOTE THAT OBJECT QUOTE DISAPPEARED UNQUOTE BETWEEN 050119A AND 050139A JUL 96, THEN REAPPEARED. TEMP DISAPPEARANCE POSS DUE TEMP SMALL AMOUNT OF LOCAL CLOUD OBSCURATION

K. NEARBY OBJECTS: BILSDALE TRANSMITTER MAST (SEE E. ABOVE)

L. REPORTED TO: N. YORKS POLICE FORCE CONTROL ROOM AT MIDDLESBOROUGH,

CLEVELAND, AT 050037A JUL 96

M. INFORMANT: MRS [Section 40] MARTON, NORTH YORKS

TEL: MIDDLESBOROUGH [Section 40]

N. INFORMANT BACKGROUND: POLICE DESCRIBE AS LIVING IN QUOTE MIDDLE-UPPER CLASS RESIDENTIAL AREA

O. OTHER NOTES: [REDACTED]

110 NORTH CROMSBY POLICE (TEL MIDDLESBOROUGH 196420242-7960)

INSPECTOR BENNETT (WHO REPORTED TO UKR400 CONTROLLER ALL DETAILS ON THIS 196)

UNIDENTIFIED FLYING OBJECT

181

- A. **Date, Time and Duration of Sighting**
12th May 1986 between 0830 - 0900 for approx. one minute
- B. **Description of Object**
Circular shaped with a short tail. Very bright white light. No sound or smell.
- C. **Exact Position of Observer**
Mrs. **Section 40** lives in Brockenhurst and was facing toward Lyminster at the time (south) stationary.
- D. **How Observed**
Naked eye
- E. **Direction in which Object was First Seen**
Moving East-West
- F. **Angular Elevation of Object**
Could not be sure but thinks between 30 - 40 above the horizon
- G. **Distance of Object from Observer**
Unsure but would estimate within 5 miles
- H. **Movements of Object**
Moving East-West at first, then stationary and moved off again in similar direction.
- J. **Meteorological Conditions During Observations**
Good visibility, quite windy patchy cloud weather report for Southampton timed at southwesterly 12 kts 10km+ 6 cu 1600'
- K. **Nearby Objects**
None
- L. **To Whom Reported**
At first to local Police then reported to Eastleigh Police and to ATC unit at Southampton the next morning.
- M. **Name and Address of Informant**
Mrs. **Section 40** Brockenhurst, Hants.
Tel. Lyminster **Section 40**
- N. **Any Background Information on the Informant that may be Volunteered**
None available
- O. **Other Witnesses**
None
- P. **Date and Time of Receipt of Report**
13th May 1986 0925 hrs. (local)

UNIDENTIFIED FLYING OBJECTS - CENTRAL TELEVISION INTERVIEW

1. My staff spoke to you on Friday evening about a request from Central Television to conduct an interview with a member of MOD, preferably a Minister, for inclusion in a 45 minute piece on UFOs which they propose screening in "Central Weekend", a 1 1/2 hour current affairs programme shown on Sundays in the Central TV area. The producers are, as yet, unsure of the actual date of the broadcast. We promised to let you have fuller information about the programme when it was to hand.
2. The programme will be based on a series of interviews interspersed with film, taken from public roads, of some MOD establishments which are assumed to be of significance in UFO circles. Interviewees will include Lord Hill-Norton and an ex-MOD employee Mr C T Withers, who worked at Boscombe Down during the 1950's and who claims to have seen a UFO in 1952. You may wish to note that, because of his official status at the time, Mr Withers has been in touch with this office, independently, about taking part in the programme. We have advised him that, as a private citizen, the decision to take part must be his own but that the MOD would have no objection to him doing so.
3. The proposed interview with Minister(DS) would last perhaps 15 minutes which, when edited, will provide 2-3 minutes of TV time. The interview would take the form of specific questions upon which we would, of course, provide briefing. The questions are expected to include: our explanation of the strange phenomena which occur in the sky; the seriousness with which MOD treats reports of incidents; whether MOD is the sole authority in Whitehall which receives reports or whether they are passed on to another more clandestine organisation; and the incident in December 1980 at RAF Woodbridge. Central Television have indicated that the interview can take place at Minister's convenience but they would preferably wish it to be within a fortnight.

4. We have sought the views of CPR's organisation on this topic and they recommend Minister should take part. To refuse to do so would only add to speculation that the MOD has something to hide on this particularly emotive subject.

5. I would be grateful to know if Minister(DS) is content with the proposal that he should appear on the programme.

REPORT OF AN UNIDENTIFIED FLYING OBJECT

A. Date, Time & Duration of Sighting	4 April 86 2130 About 1 to 2 mins.
B. Description of Object (No of objects, size, shape, colour, brightness)	White intense light. One. Like a 10 pence. Very bright.
C. Exact Position of Observer Location, indoor/outdoor, stationary/moving	Outdoors Walking
D. How Observed (naked eye, binoculars, other optical device, still or movie)	Naked Eye
E. Direction in which object first seen (A landmark may be more useful than a badly estimated bearing)	Near radio masts with red light on top
F. Angle of Sight (Estimated heights are unreliable)	2 or 3 degs above sky li:
G. Distance (By reference to a known landmark)	About one mile
H. Movements (Changes in E, F & G may be of more use than estimates of course and speed)	No movements observed
J. Met Conditions during Observations (Moving clouds, haze, mist etc)	Cloudy and hazy
K. Nearby Objects (Telephone lines, high voltage lines, reservoir, lake or dam, swamp or marsh, river, high buildings, tall chimneys, steeples, spires, TV or radio masts, airfields, generating plant, factories, pits or other sites with floodlights or night lighting)	Radio masts

L.	To whom reported (Police, military, press etc)	Air Force Operations
M.	Name & Address of Informant	Mr Section 40 Section 40 Weston-Super-Mare.
N.	Background of Informant that may be volunteered	Director of UFO Society.
O.	Other Witnesses	None
P.	Date, Time of Receipt	4 April 86 2315A
Q.	Any Unusual Meteorological Conditions	None
R.	<u>Remarks</u>	This object have appeared before. Last seen end of November 85.

REPORT OF AN UNIDENTIFIED FLYING OBJECT

155

CG 31/5/Air

A. Date, Time and Duration of Sighting. (Local times to be quoted).

11.45.00 11.50.00 approx. 1 minute approx.

B. Description of Object. (Number of objects, size, shape, colours, brightness, sound, smell, etc).

Object appeared as a dot of light as follows;
1. size similar to a star
2. colour white
3. a possible line trailing behind

C. Exact Position Observer. (Geographical location. Indoors or outdoors, stationary or moving).

Observed from a ground level in a house. CG 31/5 is the centre of my town and travelling towards the north of the CG 31/5.

D. How Observed. (Bare eye, binoculars, other optical device, still or movie camera). (Specify if viewed through spectacles, window or other transparent surface).

E. Direction in which Object was first seen. (A landmark may be more useful than a badly estimated bearing).

Directly ahead of car above a tree close to forward lamp.

F. Angle of Sight. (Estimated heights are unreliable).

approx 20°

G. Distance. (By reference to a known landmark wherever possible).

Unable to judge.

H. Movements. (Changes in E, F and G may be of more use than estimates of course and speed).

No movement of object discernable.

J. Meteorological Conditions during Observations. (Moving clouds, haze, mist, etc).

Very clear.

K. Nearby Objects. (Telephone lines; high voltage lines; reservoir, lake or dam; swamp or marsh; river; high buildings, tall chimneys, steeples, spires, TV or radio masts; airfields; generating plant; factories, pits or other sites with flood-lights or other night lighting).

None mentioned at E above

L. To Whom Reported. (Police, Military organisations, the Press etc).

SIC 815 0011811

M. Name and Address of Informant.

Section 40

Truro

Corwith Section 40

N. Any Background on the Informant that may be volunteered.

Returned to scene with family approx 3 mins later. No further sighting

O. Other Witnesses.

None known.

P. Date and Time of Receipt of Report.

06 Feb 74 0041hrs

Q. Is a Reply requested?

No.

SIC Plt Lt J Smith added the following comments.

1. The telephone conversation lasted approx 30 mins.
2. The informant sounded excited and nervous throughout the conversation.
3. Whilst vague on some points of the sighting; the informant was consistent on many of the others which were referred to several times.

REPORT OF AN UNIDENTIFIED FLYING OBJECT

A. Date, Time & Duration of Sighting	232030Z Feb 86
B. Description of Object (No of objects, size, shape, colour, brightness)	Great green ball of fire
C. Exact Position of Observer Location, indoor/outdoor, stationary/moving	Driving car
D. How Observed (naked eye, binoculars, other optical device, still or movie)	Naked eye
E. Direction in which object first seen (A landmark may be more useful than a badly estimated bearing)	Over Swindon
F. Angle of Sight (Estimated heights are unreliable)	Not known
G. Distance (By reference to a known landmark)	Not known
H. Movements (Changes in E, F & G may be of more use than estimates of course and speed)	Not known
J. Met Conditions during Observations (Moving clouds, haze, mist etc)	Cloudy
K. Nearby Objects (Telephone lines, high voltage lines, reservoir, lake or dam, swamp or marsh, river, high buildings, tall chimneys, steeples, spires, TV or radio masts, airfields, generating plant, factories, pits or other sites with floodlights or night lighting)	Not known

L. To whom reported (Police, military, press etc)	RAF Lyneham Ops. (Reported to Air Force Ops by RAOC HQ STC)
M. Name & Address of Informant	Mr <u>Section 40</u> (Address not known) Tel Swindon <u>Section 40</u>
N. Background of Informant that may be volunteered	None known
O. Other Witnesses	None. However, similar sighting reported by a/c in Shannon area
P. Date, Time of Receipt	232150Z Feb 86
Q. Any Unusual Meteorological Conditions	None
R. <u>Remarks</u>	An American 747 captain reported similar sighting near Shannon, Ireland. Apparently, object/apparition lit up his flight deck. LATCC have knowledge of this particular incident

SEC(AS)2a

UNUSUAL SIGHTING ANDOVER AREA

Reference: D/Sec(AS)12/3 dated 4 October 1985

1. Thank you for the reference and the enclosed photographs which are returned.
2. We have looked with interest at the photographs and the AAC report. Certainly something unusual has happened but just what remains a mystery. From a purely defence viewpoint I do not think that there is anything in the report to worry us. There does not appear to be a landing as such since the wheat is only depressed (not completely flattened) there are no tracks in the wheat and there does not appear to be burn or scorch marks which could indicate that some type of combustion engine. Furthermore there has been no evidence of any unusual sightings in the area just before the depressions were discovered.
3. Nevertheless something unusual has occurred; I lean to some kind of natural phenomena such as mini-tornadoes bouncing off the ground. However, the theory does not account for the regular configuration - perhaps the most unusual feature.

REPORT OF AN UNIDENTIFIED FLYING OBJECT

A.	Date, Time & Duration of Sighting	092200 - 2300Z DEC 85 1 hr
B.	Description of Object (No of objects, size, shape, colour, brightness)	A single object of pulsating colours red, green blue. Very bright Informant stated object moving then static
C.	Exact Position of Observer Location, indoor/outdoor, stationary/moving	6.5 km from 10 Air Section 40 NEAR MCKEITH R. He was stationary
D.	How Observed (naked eye, binoculars, other optical device, still or movie)	Naked eye and Binoculars
E.	Direction in which object first seen (A landmark may be more useful than a badly estimated bearing)	Bearing 155° from Netherwillon No other landmark
F.	Angle of Sight (Estimated heights are unreliable)	45°
G.	Distance (By reference to a known landmark)	Far away
H.	Movements (Changes in E, F & G may be of more use than estimates of course and speed)	Just moving then static
J.	Met Conditions during Observations (Moving clouds, haze, mist etc)	Very clear followed by thin cloud.
K.	Nearby Objects (Telephone lines, high voltage lines, reservoir, lake or dam, swamp or marsh, river, high buildings, tall chimneys, steeple, spires, TV or radio masts, airfields, generating plant, factories, pits or other sites with floodlights or night lighting)	Town of Tynemouth.

L.	To whom reported (Police, military, press etc)	Cpl Section 40 Cpl on Operations RAF Boulmer
M.	Name & Address of Informant	Mr Section 40 NR MORPETH.
N.	Background of Informant that may be volunteered	Very clear and precise, sober nothing else known.
O.	Other Witnesses	Mr Section 40 Neighbours
P.	Date, Time of Receipt	092300Z DEC 85
Q.	Any Unusual Meteorological Conditions	No, Clear night

FIN/19/Air

REPORT OF AN UNIDENTIFIED FLYING OBJECT

A. Date, Time and Duration of Sighting.

Monday 28 Oct 85 at 1803 hrs duration of approx 3 - 5 mts

B. Description of Object.

Circular base rising to an apex, similar to an Apollo reentry module

There was a bright light surrounded by little red lights. There was no sound.

C. Exact Position Observer. The bright light went off at one point.

In Barnsley Town Centre

D. How Observed.

Naked eye in the open air.

E. Direction in which Object was first seen.

Overhead Barnsley Town Centre

F. Angle of sight.

Low

G. Distance.

Estimated 300 yds

H. Movements.

Craft stopped over town. It rotated, tilted then shot off. It stopped again some distance away then finally shot off at great speed.

J. Meteorological conditions during observation.

Cold with a little cloud. Moon was visible.

K. Nearby objects.

Residential housing.

L. To whom reported.

Barnsley Police and RAF Finningley.

M. Name and Address of informant.

Section 40

N. Any background on the informant that may be volunteered.

no

O. Other witnesses.

Mr Section 40 aged 23 yrs of the same address.

P. Date and time of receipt of report. Also a friend of Section 40

Wednesday 30 Oct 85 at 1630 hrs.

Q. Is a reply requested.

Mr Section 40 would like to know if it could have been a UFO or a helicopter.

REPORT OF AN UNIDENTIFIED FLYING OBJECT

A. Date, Time and Duration of Sighting.

3 NOV 85 1730 hrs. Sighting lasted a few minutes.

B. Description of Object.

A Bright Amber light in the sky.

C. Exact Position Observer.

Upstairs in house, address as below. The person saw the light through the window, then she went downstairs and went outside.

D. How Observed.

Naked eye.

E. Direction in which Object was first seen.

Town of Bentley direction.

F. Angle of sight.

Low to Medium height.

G. Distance.

Cannot estimate.

H. Movements.

Light was stationary. It then moved slowly a couple of times. It then zoomed off,

J. Meteorological conditions during observation.

Cloudy sky. Quite cold. No stars or moon visible.

K. Nearby objects.

None.

ANNEX A TO
SOP 502

REPORT OF AN UNIDENTIFIED FLYING OBJECT

A. Date, Time & Duration of Sighting	1700 hrs 2 Nov 85 plus other occasions in recent weeks. Half hour.
B. Description of Object (No of objects, size, shape, colour, brightness)	No outline discernable. Flashing red and white lights.
C. Exact Position of Observer Location, indoor/outdoor, stationary/moving	Outdoors and stationary.
D. How Observed (naked eye, binoculars, other optical device, still or movie)	Naked eye and binoculars.
E. Direction in which object first seen (A landmark may be more useful than a badly estimated bearing)	North of BSC shoe factory at Kettering.
F. Angle of Sight (Estimated heights are unreliable)	30°
G. Distance (By reference to a known landmark)	1-1½ miles from informant's home. 500 yards from shoe factory.
H. Movements (Changes in E, F & G may be of more use than estimates of course and speed)	Very little movement. However, on occasions when movement occurred it was very rapid.
I. Met Conditions during Observations (Moving clouds, haze, mist etc)	Fairly clear. Always same conditions when sited previously.
K. Nearby Objects (Telephone lines, high voltage lines, reservoir, lake or dam, swamp or marsh, river, high buildings, tall chimneys, steeples, spires, TV or radio masts, airfields, generating plant, factories, pits on other sites with floodlights or night lighting)	Open countryside. However, disused airfield in vicinity.

L.	To whom reported (Police, military, press etc)	Air Force Ops, Main Building MOD
M.	Name & Address of Informant	Section 40
N.	Background of Informant that may be volunteered	None known
O.	Other Witnesses	Section 40 (friend)
P.	Date, Time of Receipt	1845 hrs Sat 2 Nov 85.
Q.	Any Unusual Meteorological Conditions	None

REPORT OF AN UNIDENTIFIED FLYING OBJECT

A. Date, time and duration of sighting. (Local times to be quoted).

19 October 11:30 pm until 20 October 3:00 am

B. Description of object. (Number of objects, size, shape, colours, brightness, sound, smell, etc).

Large number of objects, various sizes and shapes in many colours.

C. Exact position observer. (Geographical location. Indoors or outdoors. Stationary or moving).

Bioley range.

D. How observed. (Naked eye, binoculars, other optical device, still or movie camera).

Naked eye, binoculars, telescope.

E. Direction in which object was first seen. (A landmark may be more useful than a badly estimated bearing).

Overhead

F. Angle of sight. (Estimated heights are unreliable).

Observer suggests a possible height of 60,000 ft, but difficult to assess.

G. Distance. (By reference to a known landmark wherever possible).

N/Known

H. Movements. (Changes in E, F and G may be of more use than estimates of course and speed).

Described as "many objects giving an acrobatic display"

UNIDENTIFIED FLYING OBJECTS - MEETING WITH LORD HILL-NORTON:
THURSDAY 10 OCTOBER 1985

You were very kindly present when Lord Trefgarne met Lord Hill-Norton at 11 am at UKLF on Thursday 10 October to discuss Unidentified Flying Objects.

Lord Trefgarne opened the discussion by explaining that there was a central secretariat within the Ministry of Defence, part of whose responsibility was to act as a focal point for the report of unidentified sightings. Their task was to consider whether there were any defence implications from such reports.

Lord Hill-Norton emphasised that he believed quite sincerely that there was a problem of UFOs. He had considered for a number of years that the MoD's response to reported sightings had been unsatisfactory.

Specifically he cited the incident at Woodbridge in 1980 and criticised the alleged refusal by MoD to acknowledge the presence of Lieutenant Colonel Hail's report for 2½ years. He referred to a number of papers released in the United States under the Freedom of Information Act which had been carefully examined in the United States, and which he considered would be of interest to the MoD. He also referred to a book due to be published shortly which is anticipated to be critical of the MoD in this area.

Lord Trefgarne repeated that none of the reported sightings examined had proved to have any defence implications. He did not wish to appear unhelpful, however, and he undertook to consider whether any steps could be taken to allay the concerns of those like Lord Hill-Norton.

1. Introduction

The purpose of this study is to

investigate the

effect of various factors on

the performance of

the system under

different conditions.

The study is organized as follows:

Chapter 2 describes

the background and motivation for the research.

Chapter 3 details the methodology used in the study.

Chapter 4 presents the results of the experiments.

Chapter 5 discusses

the implications of

the findings and

concludes the study.

Finally, Chapter 6 provides a summary of the work.

The results of the study show that the system performs

well under most conditions, but there are some

limitations to the current

implementation.

Future work should focus on improving the

performance of the

system in these areas.

The authors would like to

thank the following people for their assistance:

John Doe

Jane Smith

Bob Johnson

Alice Brown

This work was supported by

the National Science Foundation (NSF).

1. We discussed this subject briefly on the telephone. I attach copies of references A and B which explain the background to the enclosed photographs. Although I don't think this can properly be regarded as a UFO sighting, there might conceivably be a defence interest and I would therefore be grateful for your expert comments on the photographs and their contents.

2. As you will see, the AAC have asked that the 55 mm negatives are returned in due course.

PHOTOGRAPHS

Reference:

A. D/DAAC/23/GA dated 6 Aug 85

1. Film's taken at the site were sent to CS (Rep S) Photography with instructions to forward prints and negatives on to you as requested, and a request that copies be sent to me to return to the photographer. The copies had not arrived by the time I went on leave, so I left instructions that they be delivered to Section 40 if they arrived in my absence. They did, and they were. Regretably CS (Rep S) had posted the whole consignment to this address and nothing to you.

2. I have visited Section 40 and obtained the negatives and the few remaining black and white prints, all of which are enclosed.

3. My 35 mm photographs are fairly indifferent, however his 55 mm colour ones, are very good and give excellent detail both from the air and close to on the ground.

4. I trust this is what you want, I would be grateful for the return of the 55 mm negatives in due course.

UNUSUAL OCCURRENCE - MIDDLE WALLOP AREA

Reference:

A. Telecon Col Section 40 051730A Aug 85.

1. Enclosed are a brief report and polaroid photographs of the scene together with an extract from the HAMPSHIRE CHRONICLE reporting similar occurrences.
2. Four films, 2 x 100mm Section 40 Colour, 2 x 35mm Black and White, of ground and aerial photographs of the scene have been given to MOD CS(Rep S) Photography (with instructions to forward prints and negatives to you.
3. The films are the private property of Section 40 and I would therefore be grateful if the negatives could be returned to me as soon as possible so that I can give them back to him. (With some prints if possible for services rendered).
4. Purely incidentally, Section 40 was an official observer and film camera man at the BIKINI ATOL Atomic Explosion in 1952.

Section 40

S02 Avn Stds HQ DAAC

UNUSUAL OCCURRENCE (UFO?)

1. On Monday 5 Aug 1985 Mr Section 40 GOODWORTH, CLATFORD who farms near the AAC Centre, Middle Wallop telephoned to report some extraordinary depressions in a field of near ripe wheat, and asked, "What on earth we (THE AAC) were up to now?" I took the Aircraft Accident Investigation Officer (AIFSO) Maj Section 40 ROME with me and went to inspect the scene.
2. The site, Grid Reference 346392 was a vergin, un-weather damaged, near ripe field of wheat. We found the following:
 - a. An exactly circular hole in the wheat in which the wheat had been laid flat in a clockwise twist 40 ft in diameter. (As if a plank had been put with one end at the centre and then swept round in a complete circle). There were one or two stalks of wheat standing which had sprung upright again. The wheat on the edge of the circle was completely upright and undamaged.
 - b. Four separate, smaller circles approx twelve feet in diameter, exactly similar to the larger one. These were set in a precise square, NORTH/SOUTH and EAST/WEST, with their centres 43 paces from the centre of the large circle.
 - c. There were absolutely no tracks in the wheat. To have set the holes in such a precise pattern manually would have required a tape measure or string, and the users would have been bound to leave tracks in the wheat.
 - d. All but one of the holes touched onto the main furrows in the wheat, and could therefore be approached from the edge of the field without leaving tracks. However there was no way of moving from one to the other without leaving tracks in the wheat, except by going some 200 yards to the edge of the field, and then back down another main furrow. One of the smaller holes was completely isolated.
3. Maj Section 40 took some polaroid photographs which are included with this report. Mr Section 40 semi professional photographer, took some 120mm colour photographs. I subsequently took Mr Section 40 we photographed the scene from the air. By that time some half a dozen sight-seers were on the scene and a track, which had not been there when we were on the ground, had been made out to the isolated hole.

4. Present at the initial viewing were:

Lt Col Section 40 AFC AAC
Maj I Section 40 ROME
Mr & Section 40
Mr Section 40
And two others

None of us could offer any reasonable explanation.

Chilbolton Church Fete

Spanning the usual fancy & competition at Chilbolton Church Fete, a parade with the theme "Children of the World" and its way from the Green, Rise and through the village led by the Test Valley Brass Band. Children ranging from pre-school to teenagers dressed in costumes from various parts of the world. A mounted contingent from the local riding school on riders on BMX bikes, children rode through the village on a haywain, decorated with flowers and bunting, kindly led by Mr. Edward Painter.

The entries were judged by Rev. C. Hubbard, Mr. David Bridale and Mrs. Angela Bridale, and prizewinners were Charles Coats, Katherine Lewin, Thomas Batchelor and Nicola Jones.

With the theme of "Children of the World," there was a competition to make a picture from another country, and prizewinners were Rachel Prevert, Thomas Batchelor and Katherine Lewin. A group of pre-school children were invited to paint a picture on the theme and the winner in this section was Andrew Lewin.

The village street was gaily decorated with bunting by village organisations and groups, and there was an excellent standard of dancing and all the stalls were well supported.

This year's very successful fete was held in the recently restored threshing barn and on the lovely grounds of Bannals Farm, with the kind permission of Mr. and Mrs. B. Yonell, and towards of £1800 was raised.

brought to an abrupt halt when the ball burst, but the day was saved when a new ball was miraculously produced from a nearby house. The Plough were the victors with a score of 2-1, and this obviously did not prove popular with the Dolly Birds who proceeded to pour water over the referee. Vera Woodroff captained the Plough team of Pat Casey, Sharon Kempster, Sally Nicholson, Melanie Gerrard, Debby Welch, Sue Ruff and Fran Piper. Dolly Birds were Sue Rees (captain), Kate Donohy, Georgina Wilson, Wendy Donohy, Jolie Harris, Ivy Wright, Sue Smith and Sally Rees.

The Children's Fancy Dress Competition was judged by Miss Dorothy Hunt from Alresford, and her task was made harder by such a variety of excellent costumes. In the Under Five Class the most original was Lara Culvill as "Night and Day," the most attractive Sarah Kennedy as a Clown, and the best made Liam Brozovic as a Cowboy. In the six to nine years age group the most attractive was Katie Kennedy as a "Sugar Plum Fairy," and the most original Rose Smith as a Cat.

Strawberry teas were served in the Village Hall, and the final item on the programme was a tug-of-war refereed by Dave Bulpitt. Only four teams entered this year, from the Plough at Bishop's Sutton, the H.H. at Cheriton, and two from the Jolly Farmer at Bramdean. The victors were the Jolly Farmer A, with the H.H. second, the Plough third and the Jolly Farmer B fourth.

At the end of a very successful afternoon £530 had been raised by the Village Hall Committee, who had organised the Fete.

Ridgemoor Estate, Bishop's Waltham, who works for Solent Excavations, was married to Miss Carol Joy Millier, daughter of Mr. and Mrs. A. P. Millier, of "Fair View," Winchester-road, Bishop's Waltham, on June 29th, at St. Peter's Church, Bishop's Waltham. The Rev. John Willard conducted the service.

The bride, who is a receptionist with T.N.T. Roadfreight, wore a cream three-quarter length gown, a pillbox hat and carried a bouquet of mauve and pink silk flowers when she was given in marriage by her father. She was attended by her sister (Patricia Millier), her niece (Virginia Whiting), both attired in lilac dresses with cream accessories, and her nephew, Gareth Millier.

The best man was Mr. David Grove; 145 guests attended the reception at the Jubilee Hall and when the couple left for an undisclosed destination, the bride wore a red suit with white accessories.

Founder's Day at Hordie House School

The parents of nearly all the local day children from Hordie House Prep. School, at Millford-on-Sea, together with many boarders' parents who had made long journeys, went to the school on June 29th, for Founder's Day, and the main event of the morning was a performance by some of the senior children of scenes from "The Merchant of Venice." At a previous performance, one of the infants from the Pre-Prep. School had been terrified by Shylock's realistic effort to get his pound of flesh from poor Antonio!

Country dancing by some of the junior children was supported by rhythmic clapping from the enthusiastic parents, and the last set piece was an exhibition of aerobics by a group of barefoot girls.

The school was open for parents to walk round, and the working models and computer displays in the Science Laboratory attracted great interest. Most of these had been made by senior children, and the exhibition in the Art Department was much admired.

Picnic lunches were eaten in the grounds, and the parents' cricket team, captained by Mr. Peter Tilley, home on leave from Nigeria, was defeated by the school 1st XI, by 16 runs. The balance of parental power was restored by the ladies' shooting team scoring 357 against the school's 296, and justice was maintained by the tennis match ending in a draw.

It's happened again! The Mystery Circles have returned. Nobody knows why or whence they come, but every year since the last war, the perfectly regular circles have appeared somewhere. For the last five or six years, they have materialised between Alresford and Winchester, first at Cheesefoot Head, this year at Matterley Farm, just off the A31. Similar phenomena have been reported in Australia, Canada, Sweden and in other parts of the British Isles including Westbury and Warminster. The largest in this group is about 40 feet across, the rest are 11 or 12 feet. In each the corn is swirled clockwise round the rings, whilst outside it is untouched. Normally — if anything about them can be called normal — they are in this configuration, the largest in the centre of a square, the smaller at each corner, although in 1982 at Cheesefoot, there were only three in a straight line. Theories abound about the cause, from vandalism to UFOs by way of micro-tornadoes. The truth is, we just don't know, but if they run true to form they will be back next year.

Hants Chron
2/17/85

86

- A. Date, time and duration of sighting. (Local times to be quoted)
3 OCT 85 2025A Approx 5-6 minutes.
- B. Description of object. (Number of objects size, shape, colour, brightness sound smell etc.)
One object. No physical shape discernible, however thought to be round due to 6/7 bright lights round perimeter. Silent.
- C. Exact position observer. (Geographical location Indoors or outdoors, stationary or MOVING) initially eyeing along A 30 in Zallah. Then dismounted to watch.
- D. How observed. (Naked eye, binoculars, other optical device, still or movie camera.)
Naked eye.
- E. Direction in which object was first seen. (A land mark may be more useful than a badly estimated bearing)
Coming from over sea in panoramic area, heading toward Saltash.
- F. Angle of sight (Estimated heights are unreliable)
Only thought to be high.
- G. Distance (By reference to a known landmark wherever possible)
Not able to estimate
- H. Movements (Changes in B, F and G may be of more use than estimate of course and speed)
Generally steady, one slight turn observed towards outlookers, then away again.
- J. Metereological conditions during observations. (Moving clouds haze mist etc.)
No significant cloud.
- K. Nearby objects (Telephone lines high voltage lines reservoir, lake, pool, swamp or marsh, river high buildings, tall chimneys, steeples spires, T.V. or radio masts, airfields, generating plant factories pits of other sites with flood lights or other night lighting)
No major buildings other than residential.
No pylons or masts.

L. To whom reported (Police military organisations the press etc.)

Base Operations, Royal Air Force St. Mawgan.

REPORT OF AN UNIDENTIFIED FLYING OBJECT

A. Date, Time & Duration of Sighting	20 Sep 85, 1030 hrs 5-10 minutes.
B. Description of Object (No of objects, size, shape, colour, brightness)	Long and thin with two fins at the back. Silver/White
C. Exact Position of Observer Location, indoor/outdoor, stationary/moving	Outdoor, walking along Kingston Road, Shoreditch.
D. How Observed (naked eye, binoculars, other optical device, still or movie)	Naked eye
E. Direction in which object first seen (A landmark may be more useful than a badly estimated bearing)	Moving towards the City over Shoreditch Church
F. Angle of Sight (Estimated heights are unreliable)	80 degrees
G. Distance (By reference to a known landmark)	500 yds to E.
H. Movements (Changes in E, F & G may be of more use than estimates of course and speed)	Very fast.
J. Met Conditions during Observations (Moving clouds, haze, mist etc)	Bright Sun light
K. Nearby Objects (Telephone lines, high voltage lines, reservoir, lake or dam, swamp or marsh, river, high buildings, tall chimneys, steeples, spires, TV or radio masts, airfields, generating plant, factories, pits on other sites with floodlights or night lighting)	None given.

L. To whom reported (Police, military, press etc)	MOD Air Force Operations
M. Name & Address of Informant	Mr Section 40 Highbury London N5.
N. Background of Informant that may be volunteered	Employed by Section 40 Section 40 as a Lab Tech. in Physic Dept.
O. Other Witnesses	Section 40 Hornsey, London
P. Date, Time of Receipt	29 Sep 85 1830A hrs.
Q. Any Unusual Meteorological Conditions	No
R. <u>Remarks</u>	None

M TO MINISTRY OF DEFENSE

UNIDENTIFIED FLYING OBJECT - SIGHTING P. BRANSHOLEN, 0100 01 0000.

1. 14TH SEPTEMBER, 1968 - 0100HRS UNTIL ABOUT 0110HRS SAME DAY.
2. INITIALLY A SINGLE FOCUSFUL BEAN OF LIGHT WAS SEEN SETTING ALIGHT IN THE SKY. THIS BEAN WAS DESCRIBED AS SIMILAR TO A LASER OF

LIGHTHOUSE BEAN IN ITS MOVEMENT. EXACT HEIGHT OR DISTANCE WAS NOT DETERMINED BUT IN BETWEEN VIEWERS AND OBJECT WAS A LINE OF TREES OF ABOUT 50 FEET IN HEIGHT. THIS WENT ON FOR ABOUT 4/15 MINUTES AND THEN CEASED.

THEN A ROUND OBJECT ABOUT CIRCUMFERENCE OF A HORN ROSE UP FROM BELOW TREES TO ABOVE THEM. THIS OBJECT WAS DESCRIBED AS HAVING A RING OF RED LIGHTS AROUND ITS BASE, EACH ABOUT ONE AND A HALF INCHES IN DIAMETER. ABOVE THESE LIGHTS WERE THREE DIFFERENT LEVELS OF WHITE FOCUSFUL LIGHTS. DURING SIGHTING A HUMMING SOUND WAS HEARD WHICH BECAME LOUDER AS OBJECT ROSE FROM BEHIND TREES.

Section 40

- THERE WAS NO SMOKE DETECTED BY WITNESSES.
- 3. VIEWED FROM JUNCTION OF CUMPLIAN WAY/FURNESS CLOSE, P. BRANSHOLEN ESTATE, KINGTON LLOYD HILL. THEY WERE STANDING OUTSIDE.
- 4. VIEWED BY NATHANSON.
- 5. EAST(CENTRAL DIRECTION) ACROSS FIELDS FROM ABOVE LOCATION.
- 6. NO ANGLE OF SIGHT - OBJECT VIEWED ABOVE AND BEHIND THE ABOVE MENTIONED LINE OF TREES, 50 FEET IN HEIGHT (APPROX), NO EXACT HEIGHT AVAILABLE.
- 7. LINE OF TREES MENTIONED ARE BETWEEN 150 AND 200 YARDS AWAY.
- 8. ORIGINAL SINGLE LIGHT SIGHTED ABOVE TREES AND ON ITS DISAPPEARANCE THE MAIN BODY ASCENDED ABOVE TREE LINE AND THEN REDESCRIBED AGAIN. THE MAIN BODY'S LIGHTS THEN WENT OUT AND HUMMING CONTINUED FOR ABOUT 2/3 MINUTES BEFORE ALSO CEASING.
- 9. NIGHTTIME, CLEAR VISIBILITY AFAST FROM LOW DOWN SLIGHT FOG AND A VERY FINE DRizzle.

- 10. NONE.
- 11. COLLIER.

12. Section 40 [REDACTED] KINISTON UPON HULL.

13. ENGINEERING INSPECTOR EMPLOYED LOCALLY, DESCRIBED AS APPARENTLY CREDITABLE WITNESS.

14. Section 40 [REDACTED] WIFE OF ABOVE.
- DAUGHTER OF ABOVE.

15. MEMPHIS, 3TH SEPTEMBER, 1965.

NOTE THERE WAS A MILITARY EXERCISE OF IN THE HOUNSDEAN AREA AT THE TIME, INVOLVING ALL TYPES OF VEHICLES AND FLARES ETC...

still, which a lighthouse on the
Somerset coast flashed regularly, so
that I now saw two lights - one
flashing & one still, it suddenly
disappeared.

It was certainly not
a shooting star - it travelled in too
steady a straight line, & it was not
a crashing aircraft - I saw from
my window some months ago a
Trainer Jet crash into the sea
off the lower coast, outside Swansea,
& that had flashing lights in
quite a different manner. And
anything falling from the sky
would not have remained

→ DISS

Daigland,
Swansea.

Officer Commanded,

AIF,

LATICCI RAF.

West Drayton.

Dear Sir, I wish to inform you
that at about 10 PM, on Friday,
August 2 I saw from my window
what I am convinced was a U.F.O.

I glanced through my
window & saw what appeared to
be a most brilliant & beautiful
sunset to my right. But of course
it was much too late to be a

still, over the sea, on the way
this did.

I might add I am
76 years old, & not given to
wild flights of imagination!

I have enclosed a
rough diagram of what I saw.

Yours faithfully,

Section 40

Sunset, & was too high in the
sky. As I watched a brilliant
ball of light detached itself
from the "sunset" & moved steadily
away to the left, on a dead
straight line. I thought "that's
a very brilliant moon" & then I
realised it was travelling the
wrong way for the moon - it was
going from right to left. It was
a most brilliant light, not
flashing or twinkling but just
moving steadily. As I watched,
wondering what it could be, it
curved downwards towards the
sea, & then to my amazement
hovered above the sea for quite some
seconds, & then, having remained

UNIDENTIFIED FLYING OBJECTS

References:

- A. D/SEC(AS) 12/3 dated 9 August 85.
- B. D/US of S(AF)DGT 28/1/4 dated 1 August 85.

1. In Reference A, you notified us of the meeting between US of S(AF) and Lord Hill-Norton on Unidentified Flying Objects (UFOs) on 25 Sept 85; you asked for a short contribution on our area of interest and whether we would be willing to attend the meeting.
2. As you state in your brief for the US of S(AF), all UFO reports are passed to the DIS - specifically DI55 who, inter alia, are responsible for assessing WP space systems. It is in this area that our main interests lie, although the reports are also seen by other staff within DI55. Obviously we read the reports with interest, but over, at least the last few years, we have not considered that any of the reports justified detailed investigation; this point is well made in the opening paragraph of your draft.
3. As far as our attendance at the meeting on 25 September is concerned, I do not think that we can add much to the discussion but we would be willing to attend if you consider it worthwhile.

DI55c

Section 40

MEETING BETWEEN US of S(AF) AND LORD HILL-NORTON

UFOs

a. I accept that there are strange phenomena to be seen in the sky, however I believe there to be adequate explanations for them. Experience has shown that most reported sightings can be attributed to things such as aircraft, meteorological balloons or natural phenomena like ball lightning. Of course there are many other equally straightforward explanations. However, there are a small number of cases where a simple explanation cannot be found immediately and on these occasions we are careful to ensure that they are of no Defence significance. Having satisfied ourselves of this, as you know, we do not attempt any further investigations. Clearly some reports remain unexplained but we have found no evidence that these phenomena represent a threat to national security and therefore cannot justify devoting Defence resources to their investigation.

b. All reports received by the MOD are channelled through Sec(AS)2. They are passed to the Air Staff who examine them for Air Defence implications. In some cases, where (on the face of it) there could be a defence interest, enquiries are made of relevant radar establishments etc in order to obtain more information. All reports are also passed to the Defence Intelligence organisation who have a keen interest in any sightings of unusual objects. We have no specialist group in Whitehall or anywhere else involved in UFO's and no civilian advisers are involved.

The Flying Complaints Flight at Rudloe Manor are concerned with receiving and investigating flying complaints. In the course of their duties they occasionally receive UFO reports (as do many other units) but they have no specific role with regard to this subject.

Secretariat (Air Staff) is the Division which provides secretariat support to CAS and the Air Staff and in this capacity is responsible for correspondence with members of the public and answering PQs etc on many subjects, including UFO's. Sec(AS)2 is the branch which amongst other things handles UFO's, there is no such branch as Air Staff Secretariat 8. You may be thinking of Defence Secretariat 8 which no longer exists and from which Sec(AS) evolved as a result of reorganisation of MOD last January.

c. Many of the UFO reports received in MOD come through Defence establishments, although most of these come originally from members of the public. Very few reports are made by military pilots; for instance, in the last 12 months Sec(AS) has received only one such report.

d. [GE3 to provide advice please]

e. The Department is happy to release what information we have on specific incidents. However we could not justify the effort involved in searching for or collating information of a more general nature.

UNIDENTIFIED FLYING OBJECTS

With apologies for ruining your summer I attach a letter that Lord Trefgarne has received from Admiral of the Fleet Lord Hill-Norton in reply to Lord Trefgarne's letter of 17 July. You will see that Lord Hill-Norton accepts the offer of a meeting and we will be in touch with him shortly to arrange this. I will let you know the time and place as soon as possible, and in the meantime I should be most grateful if you could set in hand a briefing for Lord Trefgarne in the form of answers to Lord Hill-Norton's specific questions a-e.

Section 40

PS/US of S(AF)
Section 40

1 August 1985

26th July, 1985

The Lord Trefgarne,
Parliamentary Under-Secretary of State
for the Armed Forces,
House of Lords,
London, SW1.

Dear David,

Thank you for your letter of 17th July about our correspondence on the UFO question. I would greatly welcome an off-the-record talk with you. Parliament rises on Tuesday, but I would be delighted to come up to London at any mutually convenient date during August when you have had time to consider this letter and to take any further briefing from officials which you think might be useful. (Perhaps your office would care to be in touch with me by telephone at my home address Tel: **Section 40**)

It may be helpful if I list the questions which I, at any rate, would like to explore. I know you will understand that I do not ask them frivolously or without a good deal of careful thought about the evidence - or supposed evidence - which appears to exist for a persistent phenomenon which, as I see it at present, cannot be wholly without Defence significance. I need hardly add that if there were sensitive Defence questions at issue, I would be the last to press them in public.

The ground which I hope we might cover in an informal discussion is indicated by the following questions:

- a. Does the Ministry of Defence acknowledge - by way of reports from the public, the civil police, the Civil Aviation Authority, other civil authorities or its own establishments - that traces are obtained from time to time of the intrusion into British airspace (and sometimes territory) of phenomena for which no prosaic explanation can be given? (I should add that although I am always willing to be persuaded, the evidence accumulated by civilian researchers for the persistence of some such phenomena - amounting on occasion to apparently structured 'vehicles' - seems to me at present overwhelming. I shall be glad to give you instances. The events reported by Lt. Col. **Section 40** of the United States Air Force in a report to your Department dated 13th January 1981 are among them).

- 2 -

- b. Assuming, as I hope, that the Ministry of Defence does not ignore the reports reaching it (and we have been told in reply to Parliamentary questions that they amount to some hundreds a year from civilian sources alone), what steps are taken by the Department to investigate them? In particular:-
- i) Are they dealt with solely ad hoc, using routine staff channels? or is there some specialist group, either within the Whitehall establishment or elsewhere, which is charged with taking an expert view? If so, to whom do they report? And what is their composition? Do they include civilian advisers from outside your Department?
 - ii) What part is played, if any, by the Flying Complaints Flight at RAF Rudloe Manor?
 - iii) What part, if any, is played by Air Staff Secretariats 2 & 8?
- c. How many of the reports of unusual phenomena have been received from Defence establishments, including reports from the pilots of military aircraft?
- d. What material does your Department have of traces left on military radar or in photographic form either from sorties by military aircraft or from ground-based or ship-based facilities?
- e. Can any such material be released either to me or to responsible persons outside your Department for purposes of scientific study?

In troubling you with these questions I am well aware that their subject matter has often been thought easy to ridicule, especially when associated with some of the wilder notions which are current among the civilian research groups. I am not wedded to any particular theory myself. I do, on the other hand, believe that there is overwhelming evidence for a persistent phenomenon of a highly unusual character. This is, at the least, of considerable scientific interest; and I have not yet heard anything from your Department which convinces me that it is wholly without Defence significance. I would be reassured to know either that it is being adequately gripped as a Defence matter (and, if so, by precisely what means) or that material held by your Department can be released

- 3 -

to serious civilian researchers under arrangements which do not impose unacceptable administrative burdens.

Thank you again for the offer of a discussion. I look forward to our talk.

*Yours,
P. H. C.*

PS. I ought perhaps to let you know that Aubrey Buxton is currently considering the possibility of an extended programme on Anglia Television dealing, among other things, with the incidents reported to your Department by Lt. Col. Halt, which were the subject of my letter to the Defence Secretary.

REPORT OF AN UNIDENTIFIED FLYING OBJECT

- A. Date, Time and Duration of Sighting. 13 August 1985 2200hrs A
- B. Description of Object. Approx 12 small, bright, fast objects. Green glow duration 10 - 15 seconds each.
- C. Exact Position Observer. As per L, outdoors.
- D. How Observed. Naked eye.
- E. Direction in which Object was first seen. From the direction of Sheffield moving towards Finningley.
- F. Angle of sight. Estimated very high.
- G. Distance. Not known.
- H. Movements. Moving very fast, erratic, but controlled movements.
- J. Meteorological conditions during observation. Clear night.
- K. Nearby objects. Built up residential area.
- L. To whom reported. SDO RAF Finningley - Flt Lt **Section 40** Via Finningley switchboard.
- M. Name and Address of informant. **Section 40**
Bessecarr
Doncaster Tel: Don **Section 40**
- N. Any background on the informant that may be volunteered.
Stable. Wondered if he had seen a meteorite shower.
- O. Other witnesses. Informants wife.
- P. Date and time of receipt of report. 13 Aug 1985 2255hrs A
- Q. Is a reply requested. Yes

ANNEX A TO
SOP 502

REPORT OF AN UNIDENTIFIED FLYING OBJECT

A. Date, Time & Duration of Sighting	131835A Aug 55 4 minute.
B. Description of Object (No of objects, size, shape, colour, brightness)	Grey metal. Size of suitcase. Disc shaped with 3 black rings.
C. Exact Position of Observer Location, indoor/outdoor, stationary/moving	Bedroom of house.
D. How Observed (naked eye, binoculars, other optical device, still or movie)	Naked Eye.
E. Direction in which object first seen (A landmark may be more useful than a badly estimated bearing)	From House. South West.
F. Angle of Sight (Estimated heights are unreliable)	Unclear.
G. Distance (By reference to a known landmark)	Less than 1 mile.
H. Movements (Changes in E, F & G may be of more use than estimates of course and speed)	Gliding 20-30 mph.
J. Met Conditions during Observations (Moving clouds, haze, mist etc)	Clear.
K. Nearby Objects (Telephone lines, high voltage lines, reservoir, lake or dam, swamp or marsh, river, high buildings, tall chimneys, steeples, spires, TV or radio masts, airfields, generating plant, factories, pits or other sites with floodlights or night lighting)	Nil.

L.	To whom reported (Police, military, press etc)	Chelmsford Police HQ. Section 40
M.	Name & Address of Informant	Section 40 Chelmsford.
N.	Background of Informant that may be volunteered	Spinster who lives with mother.
O.	Other Witnesses	None
P.	Date, Time of Receipt	132005A Aug 85
Q.	Any Unusual Meteorological Conditions	No.
R.	<u>Remarks</u>

UNIDENTIFIED FLYING OBJECTS

Reference:

A. D/US of S(AF)DGT 28/1/4 dated 1 Aug 85

1. As you will see from Reference A (copy attached), Lord Trefgarne has agreed to meet Lord Hill-Norton to discuss UFO's. Arrangements have been made for the meeting to take place on 25 September 1985 at 15.00 in the House. Sec(AS) will be represented at the meeting and we see considerable advantage in having further support from yourselves. Would you please let me know whether you would be willing to attend.

2. We have drawn up the attached brief for US of S(AF) which attempts to answer most of the questions posed by Lord Hill-Norton. I should be grateful for your comments on these and, particularly, for guidance from GE3 on how we might respond to question (d). The answer to question (e) may also require some alteration depending on the answer to question (d).

3. In addition to the attached brief we believe it would be helpful to provide Lord Trefgarne with a speaking note describing exactly how the MOD handles UFO reports. Provided you are content, this will include a summary of the interests of GE3 and DI55 and would presumably need to be at least CONFIDENTIAL because of the Tech-Int aspects. I should be grateful to know if you are content for Lord Hill-Norton to be briefed in this way, and would be grateful for short contributions describing your own areas of interest.

4. May I please have your replies by cop 30 August 85.

Section 40

Sec(AS)2a

Section 40

MEETING BETWEEN US of S(AF) AND LORD HILL-NORTON

UFOs

a. I accept that there are strange phenomena to be seen in the sky, however I believe there to be adequate explanations for them. Experience has shown that most reported sightings can be attributed to things such as aircraft, meteorological balloons or natural phenomena like ball lightning. Of course there are many other equally straightforward explanations. However, there are a small number of cases where a simple explanation cannot be found immediately and on these occasions we are careful to ensure that they are of no Defence significance. Having satisfied ourselves of this, as you know, we do not attempt any further investigations. Clearly some reports remain unexplained but we have found no evidence that these phenomena represent a threat to national security and therefore cannot justify devoting Defence resources to their investigation.

b. All reports received by the MOD are channelled through Sec(AS)2. They are passed to the Air Staff who examine them for Air Defence implications. In some cases, where (on the face of it) there could be a defence interest, enquiries are made of relevant radar establishments etc in order to obtain more information. All reports are also passed to the Defence Intelligence organisation who have a keen interest in any sightings of unusual objects. We have no specialist group in Whitehall or anywhere else involved in UFO's and no civilian advisers are involved.

The Flying Complaints Flight at Rudloe Manor are concerned with receiving and investigating flying complaints. In the course of their duties they occasionally receive UFO reports (as do many other units) but they have no specific role with regard to this subject.

Secretariat (Air Staff) is the Division which provides secretariat support to CAS and the Air Staff and in this capacity is responsible for correspondence with members of the public and answering PQs etc on many subjects, including UFO's. Sec(AS)2 is the branch which amongst other things handles UFO's, there is no such branch as Air Staff Secretariat 8. You may be thinking of Defence Secretariat 8 which no longer exists and from which Sec(AS) evolved as a result of reorganisation of MOD last January.

c. Many of the UFO reports received in MOD come through Defence establishments, although most of these come originally from members of the public. Very few reports are made by military pilots; for instance, in the last 12 months Sec(AS) has received only one such report.

d. [GE3 to provide advice please]

e. The Department is happy to release what information we have on specific incidents. However we could not justify the effort involved in searching for or collating information of a more general nature.

PARLIAMENTARY UNDER-SECRETARY OF STATE

UNIDENTIFIED FLYING OBJECTS

With apologies for ruining your summer I attach a letter that Lord Trefgarne has received from Admiral of the Fleet Lord Hill-Norton in reply to Lord Trefgarne's letter of 17 July. You will see that Lord Hill-Norton accepts the offer of a meeting and we will be in touch with him shortly to arrange this. I will let you know the time and place as soon as possible, and in the meantime I should be most grateful if you could set in hand a briefing for Lord Trefgarne in the form of answers to Lord Hill-Norton's specific questions a-e.

Section 40

PS/US of S(AF)
Section 40

| August 1985

26th July, 1985

John David

The Lord Trefgarne,
Parliamentary Under-Secretary of State
for the Armed Forces,
House of Lords,
London, SW1.

Dear David,

Thank you for your letter of 17th July about our correspondence on the UFO question. I would greatly welcome an off-the-record talk with you. Parliament rises on Tuesday, but I would be delighted to come up to London at any mutually convenient date during August when you have had time to consider this letter and to take any further briefing from officials which you think might be useful. (Perhaps your office would care to be in touch with me by telephone at my home address Tel: **Section 40**)

It may be helpful if I list the questions which I, at any rate, would like to explore. I know you will understand that I do not ask them frivolously or without a good deal of careful thought about the evidence - or supposed evidence - which appears to exist for a persistent phenomenon which, as I see it at present, cannot be wholly without Defence significance. I need hardly add that if there were sensitive Defence questions at issue, I would be the last to press them in public.

The ground which I hope we might cover in an informal discussion is indicated by the following questions:

- a. Does the Ministry of Defence acknowledge - by way of reports from the public, the civil police, the Civil Aviation Authority, other civil authorities or its own establishments - that traces are obtained from time to time of the intrusion into British airspace (and sometimes territory) of phenomena for which no prosaic explanation can be given? (I should add that although I am always willing to be disabused, the evidence accumulated by civilian researchers for the persistence of some such phenomena - amounting on occasion to apparently structured 'vehicles' - seems to me at present overwhelming. I shall be glad to give you instances. The events reported by Lt. Col. Halt of the United States Air Force in a report to your Department dated 13th January 1981 are among them).

- 2 -

- b. Assuming, as I hope, that the Ministry of Defence does not ignore the reports reaching it (and we have been told in reply to Parliamentary questions that they amount to some hundreds a year from civilian sources alone), what steps are taken by the Department to investigate them? In particular:-
- i) Are they dealt with solely ad hoc, using routine staff channels? or is there some specialist group, either within the Whitehall establishment or elsewhere, which is charged with taking an expert view? If so, to whom do they report? And what is their composition? Do they include civilian advisers from outside your Department?
 - ii) What part is played, if any, by the Flying Complaints Flight at RAF Rudloe Manor?
 - iii) What part, if any, is played by Air Staff Secretariats 2 & 8?
- c. How many of the reports of unusual phenomena have been received from Defence establishments, including reports from the pilots of military aircraft?
- d. What material does your Department have of traces left on military radar or in photographic form either from sorties by military aircraft or from ground-based or ship-based facilities?
- e. Can any such material be released either to me or to responsible persons outside your Department for purposes of scientific study?

In troubling you with these questions I am well aware that their subject matter has often been thought easy to ridicule, especially when associated with some of the wilder notions which are current among the civilian research groups. I am not wedded to any particular theory myself. I do, on the other hand, believe that there is overwhelming evidence for a persistent phenomenon of a highly unusual character. This is, at the least, of considerable scientific interest; and I have not yet heard anything from your Department which convinces me that it is wholly without Defence significance. I would be reassured to know either that it is being adequately gripped as a Defence matter (and, if so, by precisely what means) or that material held by your Department can be released

- 3 -

to serious civilian researchers under arrangements which do not impose unacceptable administrative burdens.

Thank you again for the offer of a discussion. I look forward to our talk.

Yours,
Pam.

PS. I ought perhaps to let you know that Aubrey Buxton is currently considering the possibility of an extended programme on Anglia Television dealing, among other things, with the incidents reported to your Department by Lt. Col. Halt, which were the subject of my letter to the Defence Secretary.

Date: 8 July 1985

POSSIBLE UFO SIGHTING

Chief Superintendent Section 40

I have to report that at 21.37 hours Sunday 7 July 1985 I was at Sowerby Bridge Police Station when I received a report by telephone from a Section 40, born 22.12.15 of Section 40 Rishworth, that at between 2.50 am and 3.10 am on Sunday 7 July 1985 he saw in an easterly direction from his house, at an altitude of 5° above the horizon a strong white light which he said was flickering and was travelling in a southerly direction towards Manchester.

I suggested to him that this may have been a sighting of an aircraft but he insisted that this was not the case. I therefore respectfully suggest that this report be forwarded to the Force HQ for the attention of Chief Superintendent, Admin and that he may feel it worthy of being passed to the Ministry of Defence Department S4F (Air), Main Building, Whitehall, London SW1A 2HB for their information.

16th July 1985

Dear Sir,

Report of Unidentified Flying Object

Please find enclosed UFO report from Section 40

This report was initially relayed to ATC Dunsfold by Section 40 fiancée who is a Section 40 employee at Dunsfold. It was not passed by telephone to AIS Military as I considered the time delay from observation to receipt of the report at Dunsfold would not constitute an 'immediate' report.

The Dunsfold radar controller on duty at the time of the reported observation does not recall seeing anything unusual on radar in the vicinity of Horsham at the appropriate time.

Yours faithfully,

Section 40

Manager ATC Services

enc.

MINISTRY OF DEFENCE
18 JUL 1985
AIR FORCE OPERATIONS

- A) 15.7.85, 4.06 pm - 4.10 pm.
- B) Spherical, approx 30-40 feet diameter, with appearance of highly polished silver metal, with a protruding lip $\frac{1}{3}$ of the way from the bottom, this being mid grey in colour. The lower surface of this lip seemed to have a flat surface on the horizontal axis of the sphere, the upper surface of the lip seemed concave and faired in. The object emitted a throbbing double-beat sound somewhat akin to a ship's propeller. The object became silent before it was out of the audio range one would expect, as if the sound source had stopped.
- C) Section 40
Horsham,
W. Sussex.
- The object was seen from both indoors and outdoors, in a direction from the house of approx 330° through 260° . I was stationary on foot.
- D) The sighting was entirely by naked eye.
- E) The direction in which the object was first seen was approx 330° from the house. No landmarks available.
- F) Very approx 30° .
- G) Approx $\frac{1}{2}$ mile, no landmarks of use in this respect.
- H) The object moved in an arc from 330° to 260° (from observers position) increasing distance from the observer through this arc, and coming back towards the observers position, towards the end of the arc, visual contact was lost at this point, the object seemed to maintain a constant altitude.
- J) There was a white overcast sky behind the object at all times but visibility was very good and at no time was there any cloud or mist between object and observer.
- K) The only nearby site of the types specified is the airport at Gatwick.
- L) Air Traffic Control, Dunsfold Aerodrome, Surrey.

M) Section 40

N) Tee total, 19 years, excellent eyesight, familiar with aircraft, no previous sightings, not on any drugs.

O) No known other witnesses.

AIR TRAFFIC

Ref. ATC/8/E1/OFS.

Report on Unidentified Flying Object.

- A. Date, Time (local). Duration of sighting.
- B. Description of Object.
Number, size, shape, colour, brightness, sound, smell etc.
- C. Exact position of Observer.
Geographical location, indoors/outdoors, moving/stationary.
- D. How Observed.
Naked eye, binoculars etc., still/movie camera.
- E. Direction in which Object first seen.
Landmark may be more use.
- F. Angular elevation of Object.
Estimated heights are unreliable.
- G. Distance of Object from Observer.
By reference to a known landmark wherever possible.
- H. Movements of Object.
Change in E, F & G may be of more use than estimates of course and speed.
- J. Meteorological Conditions during observations.
Moving clouds, haze, mist etc.
- K. Nearby Objects.
Telephone or high-voltage lines; reservoir, lake or dam; swamp or marsh;
river; high buildings, tall chimneys, spires, TV or radio masts; airfields;
generating plant; factories; pits or other sights with floodlights or other
lighting.
- L. To whom reported.
Police, Military organisations, the Press, etc.
- M. Name and Address of informant.
- N. Any background information on the informant that may be volunteered.
- O. Other witnesses.
- P. Date/time of receipt of report.

REPORT OF AN UNIDENTIFIED FLYING OBJECT

A. Date, Time & Duration of Sighting	282057 Jun 5 minutes
B. Description of Object (No of objects, size, shape, colour, brightness)	1 x flying saucer shape with dome. Red with shiny under- side.
C. Exact Position of Observer Location, indoor/outdoor, stationary/moving	Indoors looking out. Facing North. Heading Easterly.
D. How Observed (naked eye, binoculars, other optical device, still or movie)	Naked eye.
E. Direction in which object first seen (A landmark may be more useful than a badly estimated bearing)	Westerly moving east- erly.
F. Angle of Sight (Estimated heights are unreliable)	35° Approx 1000' climbing.
G. Distance (By reference to a known landmark)	1 mile distant. No landmark.
H. Movements (Changes in E, F & G may be of more use than estimates of course and speed)	Easterly course. Still climbing, dis- appeared behind cloud.
J. Met Conditions during Observations (Moving clouds, haze, mist etc)	Broken moving cloud but clear overhead.
K. Nearby Objects (Telephone lines, high voltage lines, reservoir, lake or dam, swamp or marsh, river, high buildings, tall chimneys, steeple, spires, TV or radio masts, airfields, generating plant, factories, pits or other sites with floodlights or night lighting)	Nil

L. To whom reported (Police, military, press etc)	Air Force Operations Room only.
M. Name & Address of Informant	Section 40 Rd, Jesmond, Newcastle on Tyne.
N. Background of Informant that may be volunteered	Father is an air traffic controller.
O. Other Witnesses	Section 40 (same address).
P. Date, Time of Receipt	282115 Jun
Q. Any Unusual Meteorological Conditions	Nil
R. <u>Remarks</u>	Appeared to be another similar object higher and already over coast.

ANNEX A TO
SOP 502

REPORT OF AN UNIDENTIFIED FLYING OBJECT

A. Date, Time & Duration of Sighting	Monday 17 June 0130 One and a half hours
B. Description of Object (No of objects, size, shape, colour, brightness)	Very bright star with red light. One
C. Exact Position of Observer Location, indoor/outdoor, stationary/moving	Wallsend Police Station, Tyne & Weir. Outdoors. Stationary
D. How Observed (naked eye, binoculars, other optical device, still or movie)	Naked eye.
E. Direction in which object first seen (A landmark may be more useful than a badly estimated bearing)	South from Wallsend Police Station.
F. Angle of Sight (Estimated heights are unreliable)	30-35°
G. Distance (By reference to a known landmark)	Unable to estimate.
H. Movements (Changes in E, F & G may be of more use than estimates of course and speed)	SEE REMARKS
J. Met Conditions during Observations (Moving clouds, haze, mist etc)	Clear
K. Nearby Objects (Telephone lines, high voltage lines, reservoir, lake or dam, swamp or marsh, river, high buildings, tall chimneys, steeples, spires, TV or radio masts, airfields, generating plant, factories, pits or other sites with floodlights or night lighting)	River Tyne. Factories on either side of river. Cranes.

L.	To whom reported (Police, military, press etc)	To Newcastle upon Tyne police. (PC <u>Section 40</u>) Tel <u>Section 40</u> ext <u>Section 40</u>
M.	Name & Address of Informant	Mr <u>Section 40</u> <u>Section 40</u> Wallsend on Tyne. Tel <u>Section 40</u> Dyneside <u>Section 40</u>
N.	Background of Informant that may be volunteered	None known
O.	Other Witnesses	PC <u>Section 40</u>
P.	Date, Time of Receipt	Monday 17 June. 0420 hrs.
Q.	Any Unusual Meteorological Conditions	None
R.	<u>Remarks</u>	Mr <u>Section 40</u> observed the object for 1½ hrs and said he saw it move. However, PC <u>Section 40</u> observed the object but saw no red light or movement at 0300 hrs. Mr <u>Section 40</u> took photographs. PC <u>Section 40</u> did not wish to make a report on behalf of the police, as he would dismiss object as a bright star.

REPORT OF AN UNIDENTIFIED FLYING OBJECT

A. Date, time and duration of sighting. (Local times to be quoted).

131130Z JUNE 85

B. Description of object. (Number of objects, size, shape, colours, brightness, sound, smell, etc).

Two large 'elongated' lights following in line

C. Exact position observer. (Geographical location. Indoors or outdoors. Stationary or moving).

See address below. Seen from Bedroom window

D. How observed. (Naked eye, binoculars, other optical device, still or movie camera).

Naked eye initially then through binoculars

E. Direction in which object was first seen. (A landmark may be more useful than a badly estimated bearing).

South

F. Angle of sight. (Estimated heights are unreliable).

45-50°

G. Distance. (By reference to a known landmark wherever possible).

Unable to assess but appeared to be relatively close.

H. Movements. (Changes in E, F and G may be of more use than estimates of course and speed).

Steady East to West

J. Meteorological conditions during operations. (Moving clouds, haze, mist etc).

Dry with some high clouds

K. Near-by objects. (Telephone lines; high voltage lines; reservoir, lake or dam, swamp or marsh; river; high buildings, tall chimneys, steeples, spires, TV or radio masts; airfields; generating plant; factories, pits or other sites with flood-lights or other night lighting).

None - rural area

L. To whom reported. (Police, military organisations, the press etc).

RNAS Yeovilton who suggested Air to Air Refuelling but referred informant to Sec (AS) 2.

M. Name and address of informant.

Section 40

N. Any background on the informant that may be volunteered.

TAUNTON Somerset
Higher Clinical Officer, Somerset Health Authority.

O. Other witnesses.

Husband

P. Date and time of receipt of report.

To Sec (AS) 2 - 181040Z JUNE 85

REPORT OF AN UNIDENTIFIED FLYING OBJECT

A. Date, time and duration of sighting. (Local times to be quoted).

031440Z Jun 85 (30 secs)

B. Description of object. (Number of objects, size, shape, colours, brightness, sound, smell, etc).

Cylindrical metallic wingless (1 in number).

C. Exact position observer. (Geographical location. Indoors or outdoors. Stationary or moving).

Outdoors, reclining in sun lounger in own garden in Whittan.

D. How observed. (Naked eye, binoculars, other optical device, still or movie camera).

Naked eye

E. Direction in which object was first seen. (A landmark may be more useful than a badly estimated bearing).

From Richmond (ie E), heading towards Heathrow

F. Angle of sight. (Estimated heights are unreliable).

45°

G. Distance. (By reference to a known landmark wherever possible).

Not really possible to judge but was seen at same time as a/c taking off, say 1/2 mi.

H. Movements. (Changes in E, F and G may be of more use than estimates of course and speed).

Moving steadily to the W, towards Heathrow

J. Meteorological conditions during operations. (Moving clouds, haze, mist etc).

Clear blue sky

K. Near-by objects. (Telephone lines; high voltage lines; reservoir, lake or dam, swamp or marsh; river; high buildings, tall chimneys, steeples, spires, TV or radio masts; airfields; generating plant; factories, pits or other sites with flood-lights or other night lighting).

Nothing unusual, normal residential area

L. To whom reported. (Police, military organisations, the press etc).

(ATC LHR, then CAA.)

SEC(AS)2

M. Name and address of informant.

Section 40

WHITTON TW2.

N. Any background on the informant that may be volunteered.

28th May, 1985

RAF Rudloe Manor,
Att'n. Flying Complaints Flight,
Hawthorne,
Wiltshire SN13 OPQ

Dear Sirs,

I am writing to confirm the information I gave by telephone to the Duty Officer, RAF Operations, at approximately 0110 on Saturday 25 May 1985.

I reported that during a visit to friends at Cowley Hill, a little north of Borehamwood, Hertfordshire, I had seen - at some time between 2100 and 2130 hours on Friday 24 May 1985 - a triangular array of lights in the direction of Elstree. They appeared to form an equilateral triangle of white to yellow lights, self-illuminated, with the base parallel to the horizon, at an elevation of 30 to 40 degrees. I reported the azimuth as being about South East, but telephoned the Operations Room again at about 1730 on Saturday 25 May 1985 to say that this was clearly in error: the azimuth was certainly South West rather than South East.

I heard no sound and detected no movement in this array of lights. It appeared to be stationary in the sky below cloud cover which I estimated at about 10/10ths stratus. The sighting lasted for about 2 minutes, suggesting to me that I was not observing an aircraft in (for example) the Heath Row circuit.

I can make no estimate of distance. But the angular dimensions of the object were (approximately):-

- a. About one sixth of the diameter of the moon for each of the three lights (viz. five or six minutes of arc).
- b. About five or six diameters between each of the three lights, viz. each side of the equilateral triangle must have been of the order of 40 or more minutes of arc.

As a former member of the British Astronomical Association (which I only recently relinquished on moving to London, where telescopic observation is impossible) and as an ex-RAF navigator, I rather doubt that I am easily deceived by aerial phenomena. My distinct impression is that I perceived an event for which no ready explanation is possible in wholly conventional terms. Astronomical phenomena are, I think, ruled out by the extensive cloud cover as well as by the very regular, triangular formation of the three lights seen. And aircraft lights seem a very unlikely explanation.

In view of the impossibility of estimating a precise distance for the sighting, I was not able to answer the questions put to me by the Operations Room and again by the Duty Desk at the MOD Main Building, Whitehall, about whether the sighting was near to high-power voltage lines, bodies of still water or a local town. There is a reservoir near Elstree; high-voltage lines are endemic in Hertfordshire; and the county abounds in towns. But I can give you only the angular dimensions of the object(s) seen; and the precise distance must remain

a matter of speculation.

I would like to add that I was greatly heartened, as an ex-MOD official, to discover that serious attention is being paid to events in British airspace, not only by the Duty Desk in Whitehall but also by yourselves. I am most grateful for the courtesy with which my report was received. I am, of course, well aware that the Flying Complaints Flight has the thankless task of responding to members of the public who feel, rightly or wrongly (and perhaps often wrongly !) that uncovenanted military flying has taken place in their local areas. I would like to stress that I am most certainly not making a complaint. I merely hope that my own observation has contributed to your surveillance.

I would, of course, be most interested to know (within whatever limits of security you must observe) what interpretation is placed upon my report and what expert evaluation of it has been made of it by other authorities beyond your own unit.

Yours sincerely,

Section 40

Section 40

PS: A quick call by you to Civilian Management at the MOD would confirm that I served in the MOD from 1949 to 1977, retiring in the grade of Under Secretary, and that I also served as aircrew in the RAF from 1941 to 1946.

REPORT OF AN UNIDENTIFIED FLYING OBJECT

A. Date, Time & Duration of Sighting	24 May 85, Between 2000 - 2030Z for about 2 to 3 minutes
B. Description of Object (No of objects, size, shape, colour, brightness)	Slightly odd. Saw a triangle of light, self illuminated. Equilateral, colour yellow/silver
C. Exact Position of Observer Location, indoor/outdoor, stationary/moving	Cowley Hill, SE of Shenley between St Albans and Borehamwood. In garden of friends house.
D. How Observed (naked eye, binoculars, other optical device, still or movie)	Naked eye.
E. Direction in which object first seen (A landmark may be more useful than a badly estimated bearing)	SE towards Elstree Village
F. Angle of Sight (Estimated heights are unreliable)	35 - 40° Elevation
G. Distance (By reference to a known landmark)	No real idea.
H. Movements (Changes in E, F & G may be of more use than estimates of course and speed)	No movement which caught his attention, different to aircraft.
J. Met Conditions during Observations (Moving clouds, haze, mist etc)	Fairly clear below St Cu at about 3-4000' Sighting below cloud.
K. Nearby Objects (Telephone lines, high voltage lines, reservoir, lake or dam, swamp or marsh, river, high buildings, tall chimneys, steeples, spires, TV or radio masts, airfields, generating plant, factories, pits or other sites with floodlights or night lighting)	Large reservoirs nearby

L.	To whom reported (Police, military, press etc)	MOD AFDO, Sqn Ldr Section 40
M.	Name & Address of Informant	Mr Section 40 Section 40
N.	Background of Informant that may be volunteered	Ex RAF Navigator, ex MOD, left service 1977,
O.	Other Witnesses	Yes, but possibly only one.
P.	Date, Time of Receipt	242245Z May 85
Q.	Any Unusual Meteorological Conditions	No
R.	<u>Remarks</u>	The observer was very keen to make report but only did so after much consideration. He was grateful for the opportunity to unburden himself.

REPORT OF SIGHTING OF UFO - **Section 40** - OCT 1982

Reference:

A. MAN/135/Sy dated 23 Jan 1985

1. Reference A contained an account of a sighting of an alleged UFO in Oct 82 by a **Section 40** along with some film negatives.
2. Since **Section 40** visit to this Unit and the handing over to me of the negatives I have received numerous telephone calls from **Section 40** asking me what was the outcome of sending the reported sighting to you.
3. I have pointed out to the **Section 40** that these matters take time and further that they should not necessarily expect a reply.
4. Despite these assurances the **Section 40** have persisted in contacting me and have recently requested the return of the film negatives.
5. I would be grateful if someone could please reply to them or if this is not possible, the negatives could be returned to this Unit for return to the **Section 40**

Section 40
