Dear Montague Browne,

Thank you for your letter of March 14th.

I am indeed much interested in the article from the "Air Ministry Secret Intelligence Summary" about flying saucers, and am most grateful to you for thinking of sending it to me.

Yours sincerely,

Duncan Sandy

Dear Mr. Sandys,

I remember your talking about flying saucers when we were at Chequers some time ago. I enclose an article from the "Air Ministry Secret Intelligence Summary" which may be of interest to you though I doubt whether there is anything in it which you do not know already.

Yours,

Amr.

The Right Hon. Duncan Sandys, M.P.
PRIME MINISTER

The various reports about unidentified flying objects, described by the Press as "flying saucers", were the subject of a full Intelligence study in 1951. The conclusions reached (based upon William of Occam's Razor) were that all the incidents reported could be explained by one or other of the following causes:

(a) Known astronomical or meteorological phenomena
(b) Mistaken identification of conventional aircraft, balloons, birds, etc.
(c) Optical illusions and psychological delusions
(d) Deliberate hoaxes.

2. The Americans, who carried out a similar investigation in 1948/9, reached a similar conclusion.
3. Nothing has happened since 1951 to make the Air Staff change their opinion, and, to judge from recent Press statements, the same is true in America.
4. I am sending a copy of this to Lord Cherwell.

PRIME MINISTER'S PERSONAL MINUTE

SECRETARY OF STATE FOR AIR
LORD CHERWELL

What does all this stuff about flying saucers amount to? What can it mean? What is the truth? Let me have a report at your convenience.

W.S.C.

28 July 1952
Prime Minister

I have seen the Secretary of State's minute to you on flying saucers and agree entirely with his conclusions.

Cherwell.
