Orange circular object seen. Stayed stationary. Flying saucer shaped object. Just said a sighting. Object with two white lights and one red and one orange in the middle, both flashing. The object was cigar shaped, grey in colour with domed ends, was silent and very slow. A helium type balloon, size of a moon, with flashing blue and red lights, moving north along the line of the A38 over the area south of Worcester. An orange ball seen about 2000ft up in the sky. There were six lights that split, at one point becoming eight lights, that were orange and red in colour. Two circular objects, about half the apparent size of the moon, that were a very dull yellow.
