Rojas Alejandro

Dear Mr. Alejandro

This is in response to your Freedom of Information Act (FOIA) request, received 5 April 2013, for access to copies of files related to AFOSI agent Richard Doty and his investigation into Paul Bennewitz and other UFO researchers which has been assigned tracking number 2013-03291-F.

AFOSI does not have the capability to conduct a search associated with case files that were or were not ran by SA Richard Doty. AFOSI did not have an automated means of tracking investigations prior to the mid 1990's. If you were to provide us the names of other UFO researchers we would be in a better position to conduct a search of records associated with those individuals. If we do have records, and you provide documentation showing that they are deceased or provide us their consent to release their information to you, then we would be more than happy to help you. In regards to Mr. Paul Bennewitz (who died in 2005), we identified AFOSI file number 8017D93-0/29 as being responsive to your request.

Information from AFOSI criminal investigative records are exempt from release under the Privacy Act, Title 5 United States Code (USC) Section 552(a)(J)(2). In order to provide you the maximum amount of releasable information, we are processing your request under the FOIA. Since portions of the information requested are also exempt from disclosure under the FOIA, we have inserted the exemptions below in the attached document(s).

a. Exemption b6 permits the withholding of all information about individuals in "personnel and medical files and similar files" when the disclosure of such information "would constitute a clearly unwarranted invasion of personal privacy."

b. Exemption b7c provides protection for personal information in law enforcement records the disclosure of which "could reasonably be expected to constitute an unwarranted invasion of personal privacy."

The authority for the exemptions used can be found in 5 USC § 552 and in Air Force Manual 33-302, which can be accessed via the Air Force FOIA page at <http://www.foia.af.mil/>.

If you interpret my response as not fully complying with your request, you may appeal this decision with the Secretary of the Air Force by email to afosi_hq_foia_request@ogn.af.mil, by mail to AFOSI/XILI, ATTN: FOIA Office, 27130 Telegraph Rd, Quantico, VA 22134, or by fax to (571) 305-8229 no later than 60 calendar days from the date of this letter. Include your reason(s) for reconsideration and attach a copy of this letter.

Sincerely

SCOTT W. JONES
Chief, Information Services Division

II SUMMARY OF INFORMATION

REMARKS

- On 2 Sept 80, SOURCE related on 8 Aug 80, three Security Policemen assigned to 1608 SPS, KAFB, NM, on duty inside the Manzano Weapons Storage Area sighted an unidentified light in the air that traveled from North to South over the Coyote Canyon area of the Department of Defense Restricted Test Range of KAFB, NM. The Security Policemen identified as: SSGT (b)(6),(b)(7)(C), Area Supervisor, AIC (b)(6),(b)(7)(C) and AIC (b)(6),(b)(7)(C), were later interviewed separately by SOURCE and all three related the same statement: At approximately 2350hrs., while on duty in Charlie Sector, East Side of Manzano, the three observed a very bright light in the sky approximately 3 miles North-North East of their position. The light traveled with great speed and stopped suddenly in the sky over Coyote Canyon. The three first thought the object was a helicopter, however, after observing the strange aerial maneuvers (stop and go), they felt a helicopter couldn't have performed such skills. The light landed in the Coyote Canyon area. Sometime later, three witnessed the light take off and leave proceeding straight up at a high speed and disappear.
- Central Security Control (CSC) inside Manzano, contacted Sandia Security, who conducts frequent building checks on two alarmed structures in the area. They advised that a patrol was already in the area and would investigate.
- On 11 Aug 80, (b)(6),(b)(7)(C), Sandia Security, advised that on 9 Aug 80, a Sandia Security Guard, (who wishes his name not be divulged for fear of harassment), related the following: At approximately 0020hrs., he was driving East on the Coyote Canyon access road on a routine building check of an alarmed structure. As he approached the structure he observed a bright light near the ground behind the structure. He also observed an object he first thought was a helicopter. But after driving closer, he observed a round disk shaped object. He attempted to radio for a back up patrol but his radio would not work. As he approached the object on foot armed with a shotgun, the object took off in a vertical direction at a high rate of speed. The guard was a former helicopter mechanic in the U.S. Army and stated the object he observed was not a helicopter.
- SOURCE advised on 22 Aug 80, three other security policemen observed the same

aerial phenomena described by the first three. Again the object landed in Coyote Canyon. They did not see the object take off.

5. Coyote Canyon is part of a large restricted test range used by the Air Force Weapons Laboratory, Sandia Laboratories, Defense Nuclear Agency and the Department of Energy. The range was formerly patrolled by Sandia Security, however, they only conduct building checks there now.

6. On 10 Aug 80, a New Mexico State Patrolman sighted an aerial object land in the Manzano's between Belen and Albuquerque, NM. The Patrolman reported the sighting to the Kirtland AFB Command Post, who later referred the patrolman to the AFOSI Dist 17. AFOSI Dist 17 advised the patrolman to make a report through his own agency. On 11 Aug 80, the Kirtland Public Information office advised the patrolman the USAF no longer investigates such sightings unless they occur on a USAF base.

7. WRITER contacted all the agencies who utilized the test range and it was learned no aerial tests are conducted in the Coyote Canyon area. Only ground tests are conducted.

8. On 8 Sept 80, WRITER learned from Sandia Security that another Security Guard observed a object land near an alarmed structure sometime during the first week of August, but did not report it until just recently for fear of harassment.

9. The two alarmed structures located within the area contains HQ CR 44 material.

REMARKS

1. On 10 Nov 80, a meeting took place in 1606 ABW/CC Conference Room attended by the following individuals: BGen WILLIAM BROOKSHER, AFOSP/CC, COL (b)(6),(b)(7)(C), 1606 ABW/CC, COL (b)(6),(b)(7)(C), 1606 ABW/CV, COL (b)(6),(b)(7)(C), 1606 SPOp/CC, COL (b)(6),(b)(7)(C), AFOSI Dist 17/CC, LTC (b)(6),(b)(7)(C), 1606 ABW/SJ, MAJ (b)(6),(b)(7)(C), AFOSI Det 1700/CC, Dr. (b)(6),(b)(7)(C), Director, AFNL, (b)(6),(b)(7)(C), AFNL Instrumentations Specialist and Dr. PAUL F. BENNEWITZ, President Thunder Scientific Laboratory, Albuquerque. Dr. BENNEWITZ presented film and photographs of alleged unidentified Aerial objects photographed over KAFB, NM during the last 15 months. Dr. BENNEWITZ also related he had documented proof that he was in contact with the aliens flying the objects. At the conclusion of the presentation, Dr. BENNEWITZ expressed an interest in obtaining financial assistance from the USAF in furthering his investigation regarding these objects. DR. (b)(6),(b)(7)(C) advised DR. BENNEWITZ to request a USAF grant for research. DR. (b)(6),(b)(7)(C) advised DR. BENNEWITZ he would assist him in filling out the proper documents.

2. On 17 Nov 80, SA (b)(6),(b)(7)(C), advised DR. BENNEWITZ that AFOSI would not become involved in the investigation of these objects. DR. BENNEWITZ was advised (b)(6),(b)(7)(C)

that AFOSI was not in a position to evaluate the information and photographs he has collected, to date or technically investigate such matters.

(b)(6),(b)(7)(C) 3. On 26 Nov 80, SA [] received a phone call from an individual who identified himself as U.S. Senator HARRISON SCHMIDT, of New Mexico. SEN SCHMIDT inquired about AFOSI'S role in investigating the aerial phenomena reported by Dr. BENNEWITZ.
(b)(6),(b)(7)(C) SA [] advised SEN SCHMIDT that AFOSI was not investigating the phenonena.
(b)(6),(b)(7)(C) SA [] then politely referred SEN SCHMIDT to AFOSI Dist 17/CC. SEN SCHMIDT declined to speak with 17/CC and informed SA [] he would request that SAF look into the matter and determine what USAF agency should investigate the phenomna.

AUFEGEDLY

4. It should be noted that DR. BENNEWITZ has had a number of conversations with SEN SCHMIDT during the last few months regarding BENNEWITZ'S private research. SEN SCHMIDT has made telephone calls to BGEN BROOKSHER, AFOSP/CC regarding the matter since Security Police are responsible for the security of Manzano Storage Area.

<p>On 30 Jul 81, the 1606th ABW IG contacted DO 17/BID and advised that Senator PETER DOMENICI desired to talk to SA (b)(6),(b)(7)(C) regarding the matter involving BENNEWITZ. After checking with Col (b)(6),(b)(7)(C), Acting AFOSI/CC, it was agreed SA (b)(6),(b)(7)(C) and DO 17/CC would meet with Senator DOMENICI. Senator DOMENICI was present in the IG's Office but departed immediately to meet with BENNEWITZ. A subsequent check with Mr. (b)(6),(b)(7)(C), Senator DOMENICI's Aide, in an effort to determine the Senator's specific questions, determined his sole interest was to know whether AFOSI had conducted a formal investigation of SUBJECT. Mr. (b)(6),(b)(7)(C) was informed that no formal investigation of BENNEWITZ was conducted by AFOSI. Mr. (b)(6),(b)(7)(C) stated that he assumed if any information were available, and was to be requested from AFOSI, it would have to be requested from our Headquarters. He was provided Col (b)(6),(b)(7)(C) name and the Bolling AFB address of our HQ AFOSI in event he desired any further information. REMARKS

On 24 Oct 80, Dr PAUL FREDRICK BENNEWITZ, Male Born 30 Sep 27, KS, Civ, SSAN: (b)(6),(b)(7)(C) 1413 Wagon Train Drive, Albuquerque, NM, contacted SA (b)(6),(b)(7)(C) through Major (b)(6),(b)(7)(C) Commander, 1608 SPS, Kirtland AFB, NM and related he had knowledge and evidence of threats against Manzano Weapons Storage area. The threat was from Aerial phenomena over Manzano.

On 26 Oct 80, SA (b)(6),(b)(7)(C), with the assistance of (b)(6),(b)(7)(C), GS-15, Chief, Scientific Advisor for Air Force Test and Evaluation Center, KAFB, interviewed Dr. BENNEWITZ at his home in the Four Hills Section of Albuquerque, which is adjacent to the northern boundary of Manzano Base. (NOTE: (b)(6),(b)(7)(C) is a former Project Blue Book USAF Investigator who was assigned to Wright-Patterson AFB (W-PAFB), OH, with FTD. Mr. (b)(6),(b)(7)(C) is one of the most knowledgeable and impartial investigators of Aerial Objects in the southwest). Dr. BENNEWITZ produced photographs and over 2600 feet of 8mm motion picture film depicting unidentified aerial objects flying over and around Manzano Weapons Storage Area and Coyote Canyon Test Area. Dr. BENNEWITZ has been conducting independent research into Aerial Phenomena for the last 15 months. Dr. BENNEWITZ also produced several electronic recording tapes,

allegedly showing high periods of electrical magnetism being emitted from Manzano/Coyote Canyon area. Dr. BENNEWITZ also produced several photographs of flying objects taken over the general Albuquerque area. He has several pieces of electronic surveillance equipment pointed at Manzano and is attempting to record high frequency electrical beam pulses. Dr. BENNEWITZ claims these Aerial Objects produce these pulses.

3. After analyzing the data collected by Dr. BENNEWITZ, Mr. (b)(6),(b)(7)(C) related the evidence clearly shows that some type of unidentified aerial objects were caught on film; however, no conclusions could be made whether these objects pose a threat to Manzano/Coyote Canyon areas. Mr. (b)(6),(b)(7)(C) felt the electronical recording tapes were inconclusive and could have been gathered from several conventional sources. No sightings, other than these, have been reported in the area.

4. Mr. (b)(6),(b)(7)(C) has contacted FTD personnel at W-P AFB, OH, who expressed an interest and are scheduled to inspect Dr. BENNEWITZ' data.

5. Request a DCII check be made on Dr BENNEWITZ.

6. This is responsive to HQ CR 44.

7. Command was briefed but did not request an investigation at this time.
